Getting Started:

- Cut the 20 assorted print 5" charm squares to yield 80 x ($2\frac{1}{2}$ " x $2\frac{1}{2}$ " squares).
- Cut the 10 cream on cream 5" charm squares to $4\frac{1}{2}$ " x $4\frac{1}{2}$ " squares.

Four-Patch Blocks:

Working with the 80 assorted print $2\frac{1}{2}$ " x $2\frac{1}{2}$ " squares, arrange 4 assorted squares in a pleasing way and assemble to make 1 ($4\frac{1}{2}$ " x $4\frac{1}{2}$ " square, including seam allowance).

You need to make a total of 20 four-patch blocks.

Using the picture as a guide join the table runner background together.

Hexagon Flowers:

To make one hexagon flower, cut and prepare using your preferred method 3 hexagons from the light blue floral and 3 hexagons from the blue spool print and one from the brown spool print. Assemble the flower.

fold and glue baste or tack edges of fabric over the pre-cut paper hexagons.

Stitch hexagons together by placing them right sides together and then take tiny stitches through fabric **not** through the pre-cut papers.

Make 5 hexagon flowers in total.

Bias Stem:

The finished width of my bias stems are approx. $\frac{1}{8}$ " wide, I like to use Perfect Stems™ to make my bias. I used short stem lengths and made sure they started and ended under the hexagon flowers. Because we are working with 5" charm squares, you will need to join a couple of the smaller strips together to give the desired stem lengths.

Leaves:

Using the green spool print 5" charm square, prepare using your favourite method of applique 16 leaves. The 16 leaves will fit on the one 5" charm square but take care not to be over generous with your seam allowance!!

Leaf - Cut 16
add seam allowance

The Applique:

Using the picture as a guide place the stems, flowers and leaves. Either use Roxanne's Glue Baste-It® or pin each shape in position, use a blind hem stitch to hold each shape in place.

Finishing:

1. Layer quilt top, batting and backing together.
2. Baste and quilt as desired.
3. Attach binding to complete quilt.
