

# “Home Sweet Home” Mug Rug

Joining in a swap at our ‘Stitch The Day Away’ events has become a bit of a tradition. This year we have had fun swapping mug rugs amongst other things and I thought you might enjoy using my ‘Home Sweet Home’ design to create something for yourself or perhaps you would like to organise a swap for your group and use this design. If you do want to use my design for your group please be kind and leave my information on the sheet so everyone knows where the design originated - thank you.

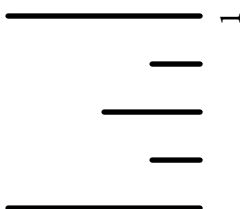

Lynette X.

## What is a mug rug?

Sometimes called a “snack mat” it is a mini quilt, a little larger than a coaster, but smaller than a placemat. It’s just the right size for a cup or mug of whatever you are drinking (perhaps even a glass!), plus a spoon, and of course a little treat (chocolate or biscuit anyone?).

Home Sweet Home - a stitching for a mug rug  
approx. finished size of a mug rug is 6” x 8”

Make sure your printer is set to print full size
